

1. To enable or disable specific sets from being recognized, click on:

“Advanced Recognition Settings”

Game	Magic
Foiling	Foil
Condition	Near mint or better
Language	English
Sort Name	Test

2. To change which sets are currently enabled, tap on the drop down menu. Sets are enabled if a check mark is listed beside the set.

Advanced Recognition Settings

Sets marked with a checkmark are enabled and will be recognized, sets not marked with a checkmark are blocked and will not be recognized during sorts. Reset defaults button will revert the blocklist to the standard Roca block list.

785 Total available sets

RESET DEFAULTS

767 items selected

3. You can search for specific sets and tap on them to enable or disable. The number listed beside a set is how many cards are in that set. Once finished tap in the blank space beside the “X”

4. Enabled set or sets will be listed once selected. To exit and save, hit the “X” button.

Advanced Recognition Settings

Sets marked with a checkmark are enabled and will be recognized, sets not marked with a checkmark are blocked and will not be recognized during sorts. Reset defaults button will revert the blocklist to the standard Roca block list.

785 Total available sets

RESET DEFAULTS

March of the Machine :46
